### **1. Rationale**

Schools have a major influence on those being educated and on the broader attitudes of society. At the British International School of Ljubljana, we acknowledge that every member of the community is unique and has characteristics which are more or less visibly different from other people and about which they may be sensitive. Regardless of these differences, all members of the community are equally entitled to access the facilities, resources and opportunities available within the school.

This Policy is signed up to upon enrolment, and should be considered in conjunction with, and with reference to:

- BISEL Staff and Parent Handbooks;
- BISEL Concerns & Complaints Policy;
- Orbital Education policies and procedures;
- BISEL Terms & Conditions.

### **2. Aims**

At BISEL, our objective is to educate, develop and prepare all our children for life, whatever their gender, race, religious belief or culture. Students and teachers further this objective by contributing towards a happy and caring environment and by showing respect for, and appreciation of, one another as individuals.

We aim to equip our students with an understanding of diversity so that they may appreciate and value the contributions from all members of our community and support those who are different and may be self-conscious about their differences – See EDI Policy.

We will promote the fundamental values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs. We will encourage respect for democracy and support for the participation in the democratic process, including respect for the basis on which the law is made and applied in Slovenia.

This Policy lays out clear expectations for all members of our diverse community to ensure that all have equal access to the variety of opportunities available and details the specific responsibilities of staff in ensuring that these expectations are met.

### **3. Expectations**

#### **4. Roles**

- Students of differing abilities are included fully within the activities of the school, but their individual needs may be accommodated through differentiation in mainstream classes or through additional learning support.

- Professional Development of any staff-member enriches the resources of the school as a whole and is to be encouraged and supported wherever possible.

The Principal is responsible for ensuring that these expectations are observed and embedded.

The Principal will investigate any formal complaint about a breach of these expectations in accordance with the school's Concerns & Complaints Policy and impose appropriate sanctions in accordance with other relevant policies and handbooks.

## **5. Appendices**

### **Appendix 1: Caring For Each Other Statement**

**All members of the school community will contribute to a happy and caring environment by showing respect for, and appreciation of, each another as unique individuals.**

At BISL we acknowledge that every individual is unique and thus will have characteristics which are more or less visibly different from other people and about which they may be sensitive. These 'diversities' encompass characteristics such as age; appearance; race or nationality; cultural, social or family background; mother tongue or accent; religious beliefs; gender and sexual orientation; ability or disability.

The School admits students irrespective of their diversities, provided that there are good prospects of meeting their needs without unduly prejudicing the education and welfare of other students.

We educate our students to appreciate and value the contributions from all members of our community and support those who are different and may be self-conscious about their differences. All members of the school community will treat others without regard to their diversities, except where common decency and consideration dictate.

There is no compulsory worship in the School and there shall be no attempt to proselytise for a particular religion. Students are encouraged to explore their spiritual beliefs freely and to question religious dogma as they see appropriate.

If a student's religion affects the school uniform, then the school will deal with each case sensitively and with respect for the student's cultural traditions.

Everyone should be aware of possible cultural assumptions and bias within their own attitudes. Discrimination, stereotyping and prejudice on the basis of any diversities are indicative of low self-esteem and ignorance. They are not acceptable and will always be challenged. Racist or otherwise offensive symbols, badges and insignia on clothing and equipment are forbidden.

All students have equal access to the full range of educational opportunities provided by the school. Teaching and other groups are co-educational unless there are specific reasons otherwise and the curriculum will encourage students to question assumptions and stereotypes regarding diversities.

In order to ensure equality of access for those whose mother tongue is not English, members of the community need to be constantly aware of their usage of English – its form, content and tone. Students' names will be accurately recorded and correctly pronounced. Students will be encouraged to accept and respect names from other cultures.

Teachers will identify and provide strategies for students who would benefit from Learning Support in order to enhance their chance of success and provide.

In all staff appointments, promotion and training, we aim to select the most suitable candidate, based on purely professional criteria and irrespective of their diversities. We want to provide positive role models for our students.

The Principal is responsible for ensuring that these expectations are observed and embedded. Any member of the community who considers that there has been a breach of these expectations should inform the Principal, who will investigate the matter and take appropriate action in accordance with the school's policies.
